

I truly beleive the Wisconsin "No Call" List has made a great difference in my life. I don't have a caller ID system and I would purposely NOT answer my phone in fear of having to deal with a pesky telemarketer...who would refuse to take a "not interested" answer...I would become angry with them and end up hanging up on them and then not answering by phone the next time it rang. Most telemarketers that I have dealt with were rude and annoying and it is VERY refreshing not to have to deal with them AT ALL HOURS of the day and night!! It is too bad that a business cannot get signed up for this service because it wastes too much of our work day having to deal these people too!
